NEET - STATISTICAL definition: young people between 15 and 29 years

NEET category includes 3 different groups in reference to the individual status in the labour market [Istat def.]:

1) UNEMPLOYED

They are looking for work
They are available for work

2) INACTIVE - 3 * 5 \$ <
= 2 1 ('

They are not looking for work
They are available for work

3) INACTIVE

They are not looking for work
They are not available for work

The 3 1 ((7 F D W H should rely to the availability for work, and not to job search activities : **it should take account of individual intentions** (sub-categories 1 and 2)

This presentation is based on interviews on young men NEET:

- 25-30 years old;
- at least 6 months of time outside the education-labour system;
- living in Milan area.

SOCIAL

HOWEVER...

We have to consider that "SOCIAL EXCLUSION" is an ambiguous term, created by insiders of a "formal" system (ex. policy makers).

This notion receives meaning in reference to its opposite: the normative conception of what it means to belong to and participate in society.

The definition of this concept strongly influences the sense of
O H J L W L P D F \ R I S H R S O H ¶ V U H T X H V W V R I
identification of who (or what) is responsible for social sufferings.

Example n. 1 - LUIGI: unemployed

‘ I'm 29 years old and I have not yet achieved anything in life [*laughter*]... I'm in a situation of "deadlock"... I think I have untapped potential... I have a degree with honours, I want to be active and involved, and so on, but I lack of way out and I lack opportunities... Every day I hope to

How do you sell your products and services without VAT?

‘ There is a limit of 1/5,000 a year that I can sell without an income tax return... then, you have to add up the clients who don't want the invoice and pay me in black money... and when clients request the invoice and I have already breached the roof of 1/5,000, other people bill the services that I sell: I have friends with a job similar to mine, and we write the invoice in a vague way, in order to be accepted by their accountant... ‘
